

RUBIDOUX COMMUNITY SERVICES DISTRICT

UTILITY MAINTENANCE WORKER I/II

DEFINITION

Under general supervision, performs a variety of manual and semi-skilled tasks in the upkeep, maintenance, and repair of water, wastewater, and related facilities, maintains grounds and irrigation systems, buildings, paints and maintains facilities, works with vendors and contractors; performs other work as assigned.

DISTINGUISHING CHARACTERISTICS

Utility Maintenance I (UM I) - is a full-time, working-level class where incumbents perform a variety of maintenance duties involving standard trades such as carpentry, painting, electrical, plumbing and landscaping. Operate water and wastewater equipment as assigned. Incumbents do not supervise other employees. They may work alone or as a team on routine or regular work assignments, checking with a supervisor on non-routine assignments or when in doubt as to the correct procedure to follow. Work is characterized by the presence of fairly clear guidelines from which to make decisions and the availability of supervision in non-routine circumstances.

Utility Maintenance II (UM II) – incumbents are responsible for leading a crew engaged in the maintenance and repair of water distribution and wastewater systems; operate water and wastewater equipment and perform the more skilled duties and responsibilities under general supervision.

SUPERVISION RECEIVED AND EXERCISED

Under direct supervision for UM I and general supervision for UM II from the Field Supervisor and District Engineer.
